

THE CITY

The regular meeting of the county commissioners will be held this afternoon, at 2 o'clock.

Officer Goldsmith killed a dog yesterday morning for biting a little girl named Pearl Wilson.

A warrant was issued, yesterday, for Spelman, the plumber, charging him with keeping a vicious dog.

That venerable police court chestnut, the Ballance burglary case, has been indefinitely postponed by Judge Berka.

"Toot" Nugent was bitten by a dog belonging to Garbage Inspector Goldsmith, yesterday, and Goldsmith was fined \$4 and costs for the privilege of owning the cur.

Ernest Meyer, a saloonkeeper at Thirtieth and Pacific streets, was fined in police court, yesterday afternoon, for insulting ladies by the use of loud and obscene language.

The council committee on gas and electric lights met at the council chamber with Inspector Gilbert, last night, to examine the bids for street lighting.

John Farley was arrested by Officer Cullen at the Union Pacific depot, last night. He is wanted by Sheriff Melick, at Lincoln, to answer to the charge of obtaining money under false pretenses.

W. H. Leland, a democrat, who was taken to the police court, yesterday, under Cleveland's administration, on probation, received his final appointment to-day. He is on the Green River and Huntington runs.

Exalted Ruler Boehel has filed the appropriate offices in Omaha Lodge No. 89, P. O. of the city, yesterday, as follows: Fin Gridley, master; T. S. Potter, inside guard; W. B. Taylor, chaplain.

According to Mr. Goldsmith, the committee of nine appointed by the veteran firemen, Monday evening, is a committee of reception, and not a committee to entertain guests who come over to Omaha during the tournament next week.

Five companies of United States troops stationed at Fort Omaha, and comprising the right wing of the battalion, returned yesterday from a six weeks' ride practice at Bellevue. The other five companies composing the left wing of the battalion go to Bellevue today to take their turn at the rifle.

THE PARK COMMISSION.

Appointment of Standing Committees—Arranging for Music. The board of park commissioners held their regular business meeting at their room in the Paxton building, yesterday.

The first subject discussed was the improvement of Jefferson square, and Engineer Cleveland, of Detroit, was employed to draw up plans for the same and submit them to the board, for which he is to be paid \$100.

Three applications for the office of superintendent of parks were read and referred. They were from Benjamin B. Hance, of Morning Side park, New York; Charles Elliott, son of President Elliott, of Harvard college, Boston; and J. W. Squire, of Chicago.

The following standing committees were appointed: Improvements—Miller, Luning, Lake. Finance—Miller, Pratt. Music—Pratt, Luning, Lake, Miller, Luning. Designation of Grounds—Pratt, Miller, Lake.

William Tindal was selected as arbiter to assist the committee in improvements. Dr. Miller, the president of the board, was authorized to arrange for music at Jefferson square and Hanson park. It is the intention of the board to apply to the post commander and request him to issue orders requiring the United States military band to play at these places two evenings a week, if necessary, the request will be made of the secretary of war or commander-in-chief of the army.

It is customary to have the military bands play in the squares from the Union Pacific on paying and curbing stone, which were raised to an immoderate degree after the first company had secured a contract for work on those figures, the following statement by the Union Pacific has been submitted.

The Kansas City Paving and Construction company have only themselves to blame that they did not secure Colorado sandstone from the Union Pacific quarries. The manner in which quotations were made to them on the stone was entirely unknown to those officers of the Union Pacific railway who have charge of the contract for paving and curbing called upon the proper officials of the railway to arrange for buying stone. It was then ascertained that quotations were made by an employe of the railway company's stone department at Denver, who has since left the service.

These quotations, submitted with authority and the Kansas City paving company is under arrangements with an agency at Omaha whereby all stone for that point is under the control of said agency, and said agency is obliged, in consequence, to handle no other stone. The Kansas City paving company was therefore unable to obtain Union Pacific stone at Omaha, to whom it should have gone in the first place. This is a statement of the facts so far as the Union Pacific railway is concerned, as it could not, under existing arrangements, furnish stone to the Kansas City paving company or anyone else at Omaha, except by contract made by the agency.

In this connection it may be necessary to recall the fact that, according to a letter received by the Kansas City paving company, stone delivered in Omaha was quoted by J. S. Tebbets, who is still in the employ of the Union Pacific. The letter was published in this issue.

Councilman Sander has written home stating that he will go on to Hoboken, N. J., to meet his son. He is expected to arrive home on Sunday or Monday.

The sale of summer tourist tickets to the eastern resorts commences June 1st. The money order department has just been supplied with a new combined table for the conversion of United States money by international order into that of Germany, France, Switzerland, Belgium, Italy, Sweden, Norway, Denmark, the Netherlands and Portugal, which goes into effect June 24. This table is to take the place of all others. Omaha's limit for such orders is raised from \$50 to \$100, except to Leeward islands, where it remains at \$50; France and Algeria, 500 francs, or \$76.75, and Belgium the same.

THE STONE BIDS.

The Union Pacific People Reply to Those of Kansas. With reference to the charge that the Kansas Paving and Construction company had obtained figures from the Union Pacific on paying and curbing stone, which were raised to an immoderate degree after the first company had secured a contract for work on those figures, the following statement by the Union Pacific has been submitted.

Catarrh

A blood disease. Until the poison is expelled from the system, there can be no cure for this insidious and dangerous malady. Therefore, the only effective treatment is a thorough course of Ayer's Sarsaparilla—the best of all blood purifiers. The sooner you begin the better; delay is dangerous.

"I was troubled with catarrh for over two years. I tried various remedies, and was treated by a number of physicians, but receiving no benefit until I began to take Ayer's Sarsaparilla. A few bottles of this medicine cured me of this troublesome complaint and completely restored me to health. I can truly say the better; delay is dangerous."

"When Ayer's Sarsaparilla was recommended to me for catarrh, I was inclined to doubt its efficacy. Having tried so many remedies with little benefit, I had no faith that anything would cure me. I became emaciated from loss of appetite and impaired digestion. I nearly lost the power of seeing, and my system was badly deranged. I was about discouraged, when a friend urged me to try Ayer's Sarsaparilla, and restored me to person whom it had cured of catarrh. After taking half a dozen bottles of this medicine, I am convinced that the only sure way of treating this obstinate disease is through the blood."

—Charles H. Maloney, 113 River St., Lowell, Mass.

Ayer's Sarsaparilla, PREPARED BY Dr. J. C. Ayer & Co., Lowell, Mass. Price \$1; six bottles, \$5. Worth \$5 a bottle.
